BITTER VERSES – hardcore/metal from Senftenberg, eastern Germany since 2007.

After some lineup changes in the beginning, these friends hit the road as a five piece band.

They care about hardcore tradition and lyrics with a strong message inspired by the everyday life.

Heavy breaks, two-steps and some melodic parts – whatever you label it –

it's music driven by emotions and passion.

After a published Demo and EP, BITTER VERSES is ready to break through it all

with their first Full Length Album „Make or Break“ released on Swell Creek Records in October 2011.

With new tracks in their pocket and an incredible motivation they are ready to play shows full of energy.
