

DELUMINATOR [METAL, CROSSOVER / DRESDEN / FAREWELL RECORDS]

DELUMINATOR is a 5 piece Metal/Crossover juggernaut formed in early 2014. After more than 150 shows including five tours through Europe **DELUMINATOR** already rocked clubs and festivals alongside the biggest names in the game as well as shows headlining the new breed of European Hardcore. Lately, they released their promising sophomore album '**SWAMP MELODY**' which combines the forces of insanely heavy guitar riffing and thrilling solo parts with the penetrating power of pissed off Death Metal vocals and leads it into a raw and merciless live experience.
