

EXA - PROMO/BIO

EXA are four guys from Berlin who belong to the new generation of thrash metal.

Making no compromises and having no comparisons, they bring their own style and uniqueness out of East Berlin. Founded as a school band in 2016 the young band delivered from day one professional self produced music, that was already during the debut album in 2020 compared to the biggest players in their genre, which gave them the possibility to open for big acts like Power Trip; DRI; Nervosa, Gruesome and Misery Index to name a few. The band is back now with the second album, which will set a new level for modern thrash metal
