

## **RISK IT!**

In 2009 founded 5 piece outfit from East Germany which plays pure and powerful Hardcore with rage and attitude. After their 2011 'Leave A Mark' 7inch on Demons Run Amok they found their way to Farewell Records which put out the following debut record 'Who's Foolin' Who' in April 2012 that brought the band to another level. After constant touring and shows all over Europe, Risk It! released their next strike 'The Only Thing' EP in Summer 2013 again on Farewell Records. Numerous shows, festivals and tours for example with 7 Seconds, Down To Nothing, Terror and the Persistence Tour in 2016 (just to name a few) put them in the spotlight of european Hardcore. Their latest masterpiece 'CROSS TO BEAR' (Farewell Records) strikes again with enormous power and guarantees you the sing-alongs, stage dives and moshpits you wanna see at a Hardcore show.

This band connects energy and sincerity in their music, no compromises just Hardcore, so make sure to listen to this record and catch them live on stage!
